

What's New in the FCC Online Application

The following new features and enhancements are released in the FCC Online to enhance the customer experience by providing, an added document navigation view, enhanced document navigation, search suggestion, and printing feature, which in turn would lead to customer efficiency and customer satisfaction.

- [New FCC Dashboard](#)
- [Table of Contents \(TOC\) View](#)
- [Search Suggestion](#)
- [Easy Access to Auxiliary Information and Document Sections](#)
- [Document Printing Displays Page Numbers](#)

New FCC Dashboard

The FCC Dashboard is available to the users who have bookmarked the Food Chemicals Codex page. After login, you are taken to the Dashboard, as shown below, where you can choose between the FCC Online and FCC Forum.

The screenshot shows the FCC Online dashboard. At the top left is the USP logo, and to its right is the text 'FCC'. In the top right corner, it says 'Welcome, Jaya' and has a 'Log Out' button. Below this is a dark brown horizontal bar. The main heading is 'Food Chemicals Codex (FCC)'. Below the heading is a paragraph: 'Please select the product you would like to access below. To avoid seeing this page in the future you can login directly to the FCC Online or FCC Forum by going to <http://www.foodchemicalscodex.org>. Click [here](#) to see what's new on each product.' At the bottom, there are two buttons: 'FCC Online' with a brown square icon containing 'FCC', and 'FCC Forum' with a grey square icon containing a speech bubble and 'FCCF'. The footer contains the text: 'Copyright © 2017 The U.S. Pharmacopeial Convention. All Rights Reserved'.

Table of Contents (TOC) View

If you like to navigate in the table of contents view, the new interface supports that too. You can easily toggle between the Breadcrumbs Navigation view and the TOC view. Click on the

 Pubs  option, and choose a publication. A down arrow icon  of **Show Table of Contents Tree** will be displayed on the left-side of the navigation bar. Click on the down arrow icon  to view TOC Panel in the left pane. An example is shown below:

You can also filter further on the TOC by entering a term in the **Filter** field.

Search Suggestion

The already-improved search will now also suggest entries in a drop-down list, after you enter a 3-character term in the Search box.

Easy Access to Auxiliary Information and Document Sections

Each monograph document will also display the **Auxiliary Information** and **Document Sections** on the right-side panel. An example is shown here:

Effective from Jun 01, 2016 (FCC10) Effective
